Filter the sunshine

The new Silhouette shade, from Hunter Douglas

Although we've all been looking forward to sunnier weather, remember that summer sunshine can take its toll on both you and your furnishings. Nassaus Metropolitan Window Fashions offers a wide range of shutters, blinds and shades to protect your home from those damaging UV rays.

In the store's Hunter Douglas Window Fashions Gallery, you'll find the new Silhouette shade, which achieves both light control and privacy by suspending fabric vanes between two sheer facings. When the vanes are fully open, they appear to float; closed, they dim the light and shut out the view. Silhouette blocks 99 percent of UV rays when the vanes are closed and 63 percent when they are open. It also comes with exclusive Top Down/Bottom Up shading and TiltAnywhere® features, for maximum versatility, and is available motorized with remote control. Silhouette can be designed to fit any shape, including skylights and unusually large windows.

For curtains and drapes, Nassaus carries more than 5,000 fabrics and trims – many by designers such as Ralph Lauren

and Laura Ashley – at discount prices. You can choose from ready-made window fashions, starting at \$20 per panel, along with decorative window hardware and accessories. If you wish, a Nassaus window designer will help you review your options, visit your home with samples, and measure, create and install your new window treatments. Use the store's furniture reupholstery and slipcover services to achieve a coordinated, "designer" look.

For a free shop-at-home appointment, call 201-689-6030 or visit Nassaus Metropolitan Window Fashions at 770 Route 17 North, Paramus, north of the Ridgewood Avenue exit and next door to Victor's House of Music. Store hours are 10 a.m.-9 p.m. Monday through Friday, and 10 a.m.-6 p.m. Saturday.

Designers at Nassaus Metropolitan Window Fashions can create custom window treatments for your home to complement the versatile new Silhouette Shades from Hunter Douglas.
