She is also very personable which makes her a joy to work with on a daily basis. I know that I can depend on Suzanne to contribute in a very positive way to every design project that I undertake making each design cost effective, technically correct and beautiful!"

"I will try to make this brief, but I know as soon as I start talking about Suzanne Cipparulo, I may not be able to stop. I met Suzanne almost 2 years ago while I was working on one of my historic projects in Princeton. I had some ideas for the window treatments, but needed some expert advice and guidance. Boy, am I glad Suzanne was in the store the day I stopped in for help. We are now working on our second historic project together and I am sure this one will run just as smoothly as the first. Suzanne has an attention for detail that I can really relate to and definitely appreciate. She is always there to make me laugh, even in the most stressful situations. I look forward to working with Suzanne on many more projects in the near future and more importantly continuing our friendship. Here's to many more years of successful projects with Suzanne and Metropolitan Window Fashions."
