Here's what New York Designers are saying about us!

"It was a joy and a pleasure working with Janet of MWF recently--on my client's Manhattan apartment--the project required a variety of window treatments as well as custom bedding for two bedrooms--everything turned out perfectly and within a reasonable time frame. Not only was the fabrication for each room expertly prepared, but the professional installation, under her eagle eye, was impeccable. The clients were delighted with everything. I was impressed with Janet's warm, reassuring attitude. She makes you feel as if you are her one and only priority. Truly, she is a Pro and loves what she does!"
Michelle Slovak, Allied member ASID, New York City

"As a holistic designer, the process of creating the perfect window treatment for our client's unique needs is our highest priority. Working with Janet Webster of MWF is working with a true professional. She is creative, thorough and above all consistent with her approach to each project. My clients have been very satisfied with the end results and we have been extremely happy with the entire process of working with Janet, from conception to installation. We would highly recommend her services!"

S. Lee Wright, Allied Member, ASID, Brooklyn, New York

"We have relied on Janet for several jobs as part of our interior design business. She is professional, knowledgeable and a pleasure to work with. She goes the extra mile to make sure each job is done well. For instance, for one of our jobs, upon her own initiative after taking window measurements, she raised concerns about how our design would work in the space; she turned out to be 100% correct. For another job, she researched and found custom hardware to match the design of the window treatments. We recommend her enthusiastically and without hesitation."

Sara Savage, Sane Designs, LLC, New York City
