

# *Drapery and Blind Trade-in Sale!*

Trade in your old draperies and blinds for new energy efficient custom window treatments. We will take down and remove your old window treatments and give you a credit of up to \$100 per window towards the purchase of select Energy Saving shades or draperies.

The window is the best place in your home to start to save money and energy. Energy saving honeycomb shades, shutters, window film and insulated draperies can pay for themselves in energy savings. Plus, we will give you credit for your existing products.

**Act now, you must place your order, or book a  
FREE in-home consultation by May 31<sup>st</sup> to  
receive this trade-in allowance.**

**The Fine Print** - Trade-in allowance is calculated at \$10 per linear foot (width) of existing shades, shutters or draperies. Measurements will be rounded to the nearest foot. Maximum credit is \$100 per window (includes bays, patio doors and multiple-unit windows). Credit is applicable with purchase of Architella and EcoSmart Shades, Heritage and Woodland Harvest Shutters, Madico Window Film and Thermal Lined Draperies. Credit must be applied for replacement products, e.g. shade credit is to be used only for new shades, drapery credit for new draperies. When new products are ready to be installed, we will take down and remove your existing products at no charge.

Credit may be applied only to Custom Window Fashions. Trade-in credit may not be used in conjunction with any other store promotion, but can be used in conjunction with Hunter Douglas manufacturers rebate.

All in-store sales must be recorded by May 31<sup>st</sup> to receive trade-in allowance. For Shop-at-Home sales, appointments must be booked by May 31<sup>st</sup> and products must be ordered by June 8<sup>th</sup>.
